

POWERING

Nebraska's Future, Together.

2026 Events &
Sponsorship Details

Big data. Big energy. Big innovation.

The **GO BIG** campaign is a statewide innovation movement, dedicated to defining Nebraska's future across three non-negotiable themes: **diversified energy, workforce, and technology innovation**. As an essential part of the engine powering that future, you are invited to help shape the GO BIG experience in 2026.

Your sponsorship in the GO BIG campaign places you at the very heart of the conversation. You will be instantly recognized as a Visionary Partner, aligning your brand with the state's boldest action and pioneering spirit. This is your moment to make a measurable, lasting impact. Because we don't chase the future in Nebraska. We pioneer it.

Reserve your seat at the table where bold ideas become action.

Tera Norris
Nebraska Chamber
Foundation President

Tara Lea
Nebraska Chamber
Executive Vice President
of Partnership & Programs

Learn More:

Who We Are:

We are the Nebraska State Chamber Foundation, the 501©(3) engine powering growth for the state's entire business community. We deliver vital, nonpartisan research that helps leaders across Nebraska develop data-driven strategies for a more competitive and prosperous future. Our mission is singular: building a stronger Nebraska for all.

Our History:

The Nebraska Chamber Foundation is the dedicated research, educational, and development arm of the Nebraska Chamber of Commerce & Industry. Organized as a 501©(3) entity, we mobilize independent resources to execute high-impact initiatives that propel Nebraska forward. This structure empowers us to successfully champion transformational programs like the prestigious Leadership Nebraska series while producing crucial, data-driven research reports on topics such as workforce development and economic competitiveness.

What We Do:

We are Nebraska's economic "truth-teller." We drive cutting-edge research and analysis to inform critical decisions on Nebraska's future across every sector. We shape key policies on workforce, education, and talent pipelines, catalyzing independent insights and connecting leaders statewide to ensure maximum collaboration and growth.

How We Succeed:

We succeed by delivering the fact-based foundation for sound policy and economic strategy. Our insights fuel innovation and empower future leaders through flagship programs like Leadership Nebraska.

Every significant, measurable result we achieve directly advances a competitive, thriving Nebraska.

The **GO BIG** *Campaign*

About the Campaign

The GO BIG Campaign is a yearlong series of data-driven events and communications designed to make a lasting impact on Nebraska's future. Focused on two key audiences, this series empowers Nebraskans to build on the state's proud legacy of innovation, from technology to affordable energy, and embrace opportunities for a thriving, modern economy. Our goal is to spark informed, data-backed conversations that inspire policymakers, strengthen communities, and accelerate statewide growth, while celebrating what makes the Good Life great. Each event is designed not only to inform but to equip Nebraskans with actionable ideas they can bring back to their communities.

gobigfuture.com

Join the Leaders Shaping Nebraska's Tomorrow.

Who will be at the events?

The 49+1

This audience represents Nebraska's complete legislative and executive leadership, comprising the 49 State Senators and the Governor. Due to the uniquely constituent-driven nature of our Unicameral, the core priorities of these leaders are deeply rooted in the grassroots concerns heard directly from their districts. This presents an unparalleled opportunity to understand and engage with the foundation of the state's policy framework.

Local Leaders

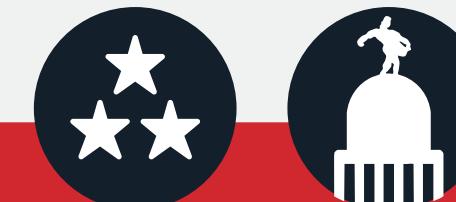

Beyond the Capitol resides the Local Leaders—a crucial network of influencers spanning every sector and community statewide. This group includes University Regents, Mayors, CEOs, school superintendents, and local anchors. These individuals are the essential drivers who shape local resource allocation and implement policy directly where Nebraskans live and work, offering deep insight into community-level impact.

GO BIG Audience:

Local Leaders

Event Overview

The Go Big Future Launch Forum is the inaugural showcase of the Nebraska Chamber Foundation's Signature Local Leaders Series, setting the tone for a yearlong exploration of Nebraska's future through three defining themes: diversified energy, workforce, and technology innovation. This event serves as both a celebration and a call to action, blending data and storytelling to reveal how Nebraska can seize its role as a leader on the national stage while honoring the state's legacy of resilience and powerful leadership.

This event will affirm that by aligning innovation, community vitality, and long-term investment, Nebraska can assert its competitive edge nationally. Attendees will leave with a deeper understanding of how affordable energy, technology innovations, and immigrant workforce intersect to define Nebraska's competitive advantage—and will be empowered to become champions of this transformative vision for Nebraska's success.

Go Big Future Launch Forum will begin with a networking reception on the evening of February 23rd followed by the forum on the 24th including breakfast & lunch.

All the Above Energy

Details:

March 26, 2026

Midtown Event Center
Norfolk, NE

GO BIG Audience:

Local Leaders

Event Overview

All The Above Energy is an immersive event that takes attendees directly into rural communities to witness how investment in diverse energy sources and sustainability fuels long-term economic growth and drives local industry. Through site visits and insights from educators and local officials, this experience will establish that diversifying the state's energy portfolio is a crucial investment in rural communities, leading to job generation and revenue that support schools, roads, and local services. Attendees will leave with a deeper understanding of how energy diversification and sustainable industry practices are the key to rural prosperity.

All The Above Energy will be a daytime experience with tours, lunch and a panel of speakers.

Nebraska's Human Advantage

Details:

Fall 2026

Omaha, NE

GO BIG Audience:

Local Leaders & 49+1

Event Overview

Nebraska's Human Advantage explores the state's most pressing workforce challenge: the shortage of available talent. Meeting this need requires both building and welcoming our future workforce by strengthening K-12 and higher education pipelines to retain homegrown talent and by prioritizing legal immigration to attract new workers and families. Nebraska's economic resilience depends on doing both.

Participants will leave inspired not only by individual stories but by the broader vision that Nebraska's strength lies in investing in education and embracing immigration, two essential strategies to develop, retain, and grow the talent needed for a thriving future.

Nebraska's Human Advantage will be a daytime experience with lunch and a panel of speakers.

Go Big: *Defining the Future* Forum

Details:

November 12, 2026

Cornhusker Marriott
Lincoln, NE

GO BIG Audience:

Local Leaders & 49+1

Event Overview

The Go Big Future Forum is the capstone event of a 9-stop statewide innovation campaign, celebrating the insights, momentum, and visionary leadership that emerged across Nebraska throughout the year. This prestigious event brings together the most influential voices from business, industry, government, and community to reflect on the statewide journey—and to focus on what comes next.

Through powerful storytelling, a national keynote, curated dinner conversations, and industry spotlights, this Forum will unify the themes explored across the Go Big Series into one compelling narrative: Nebraska is defining the future of innovation, leadership, and economic opportunity. Attendees will leave with forward-looking insights, actionable strategies, and a shared commitment to champion Nebraska's growth on a national stage.

Go Big: Defining the Future Forum is an afternoon event, followed by a cocktail reception & dinner.

National Civics Bee

Nebraska State Finals

Innovation Campus
Lincoln, NE

Tuesday, June 23, 2026 | Innovation Campus | Lincoln, NE

About the Civics Bee

Organized in partnership with the US Chamber of Commerce Foundation and supported by local chambers of commerce across Nebraska, the National Civics Bee is an annual competition that encourages middle school students from public, private, charter and home schools to engage in civics, contribute to their communities and flex their civics knowledge for a chance to win recognition and cash prizes. In Spring 2026, seven national bees will take place across the state.

About the Statewide Campaign

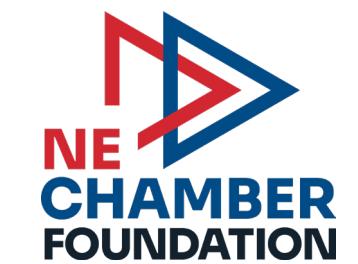

In June 2026, the Nebraska Chamber Foundation will host the first, second and third place winners from each local competition. Students, along with their families, teachers, community members and sponsors, will join us for a live competition where local bee finalists will flex their civics knowledge and present their ideas about how to solve a problem facing their community.

Help us empower and inspire the next generation of leaders, voters, activists, entrepreneurs and problem solvers. Demonstrate your organization's commitment to future generations by sponsoring the 2026 National Civics Bee.

The future won't wait. It's time to GO BIG – *together.*

Our land has always rewarded those bold enough to plant something new. Now it's our turn to lead. Join the conversation and help us shape what comes next.

Because in Nebraska, we don't chase the future.
We pioneer it.
